TEXAS CITY MANAGEMENT ASSOCIATION • MARCH 2009

Staying Connected

TCMA EN-Quire is a list serve that allows members to ask questions, gain insight, and request assistance from other members. This service is available only to current TCMA members, is password-protected, and is by invitation only. It is an e-mail-based service intended to facilitate communication

among TCMA members regarding the public service challenges that surface within our work environments each day. Some of the most recent topics have been:

- How does your city decide which elected officials' names are placed on plaques to be displayed when new city facilities are built?
- Do any cities have copies of lease agreements between a county and a city for the lease of county-owned property that can be shared?
- Does anyone know of training opportunities for our employees who conduct daily job site inspections of public works construction projects?
- Does anyone know of a consultant/contractor for code enforcement for issues such as high weeds and junk cars?
- I am looking for samples of city Web sites that are posting the city's "metered amount of electricity, water, or natural gas" on the city's Web site in accordance with Subtitle F, Title 10, Government Code, Chapter 2264 as amended last session by the legislature.
- Are there any cities using a 9-hour work schedule, allowing your employees to have a "long weekend" every other week? If so, I'd be interested in the details and a copy of your work policy.
- If you would like to participate in the list serve, please contact Kim at kim@tml.org or 512-231-7442.
